## TOP ISSUES DETECTED

5 of 24 shown

| ISSUE                                  | IMPACT | PAGES AFFECTED | PRIORITY |
|----------------------------------------|--------|----------------|----------|
| Vague hero / weak above-the-fold       | High   | 93             | HIGH     |
| No exit-intent capture mechanism       | High   | 100            | HIGH     |
| Form friction / too many fields on CTA | Medium | 12             | MEDIUM   |
| Missing trust signals near primary CTA | Medium | 28             | MEDIUM   |
| Inconsistent mobile-tap targets        | Low    | 7              | LOW      |

## TOP 4 SUGGESTIONS

Where to focus first

#1

### Upgrade Hero Section

Benefit-driven headline + dominant CTA above the fold.

LIFT

+15-30%

#2

### Exit-Intent Capture

Recover 5-15% abandoning visitors with a timed offer.

LIFT

+5-15%

#3

### Reduce CTA Friction

Cut form fields, one primary CTA per page, trust nearby.

LIFT

+10-25%

#4

### Add Trust Signals

Reviews, awards, and security badges right next to CTAs.

LIFT

+8-20%
