BEST SUGGESTION

Upgrade Your Hero Section

Clarity + Conversion Focus

Problem: Your hero is vague — it doesn't immediately answer the visitor's core question: "What's in it for me?"

Fix: Replace the existing hero with a clear, benefit-driven headline, a supporting subheadline, and a single dominant CTA.

EXAMPLE DIRECTION

Headline: "Get [Primary Result] Without [Big Pain Point]"

Subheadline: "Join [audience] who use [product/service] to [specific outcome]."

CTA: "Start [Desired Action] →"

EXPECTED LIFT

EFFORT

DECISION

< 3s

WHY THIS MATTERS Visitors decide in under three seconds whether to stay or leave. A clear, outcome-driven hero significantly lifts engagement and reduces bounce rate.

#2

QUICK WIN

CONTENT

LEAD CAPTURE

Add an Exit-Intent Pop-Up

Capture lost conversions

Problem: Users who leave your site today are lost permanently — there is no recovery mechanism in place.

Fix: Implement an exit-intent pop-up offering a compelling reason to stay — or to exchange contact info.

OFFER IDEAS

"Wait! Get a Free Case Review"

"Download the Free Settlement Guide Before You Go"

EXAMPLE COPY

H: "Don't Miss This."

Body: "Before you leave, grab [specific benefit]."

CTA: "Get It Now"

EXPECTED LIFT

+5–15%

EFFORT

● ● ●
~3 hrs

RECOVERS

5–15% of
abandoners

WHY THIS MATTERS Exit-intent pop-ups recover 5–15% of abandoning visitors, turning lost traffic into leads or customers — with no extra ad spend.

#3

MED EFFORT

TECHNICAL

FUNNEL

Remove Friction from Your Primary CTA

Simplify the path to conversion

Problem: Your current funnel introduces unnecessary friction — too many steps, unclear next action, or competing CTAs.

Fix: Streamline the user journey so there is one clear next step at every stage.

QUICK WINS

- Reduce form fields to essentials
- Add trust signals near the CTA
- One primary CTA per page
- Replace "Submit" → "Get My Results"

EXPECTED LIFT

EFFORT

TRUST

WHY THIS MATTERS Every extra step or moment of confusion lowers conversion. Simplifying the path delivers immediate lifts in sign-ups and case enquiries.
